Q

Prevents access to other applications including messaging, screen-sharing, virtual machines, and remote desktops
Printing and screen capture functions are disabled
Copying and pasting anything to or from a quiz is prevented
Right-click menu options, function keys, keyboard shortcuts, and task switching are disabled
A quiz cannot be exited until it is submitted for grading
Quizzes that are set up for use with LockDown Browser cannot be accessed with other browsers

Respondus Monitor uses your webcam to monitor your testing using automated AI technology. A "start sequence" guides you through requirements selected by the instructor, such as shoons

Windows: 11 and 10*
* Windows 10S is not a compatible operating system, nor can LockDown Browser be obtained via the Windows App Store. At present, support for Windows 10 S Mode isn't on the roadmap for LockDown Browser.
Mac: OS X 10.12 to 12.0+
iPadOS: 11.0+ (iPad only). Available only if enabled by the instructor.

Browser Requirements: Respondus LockDown Browser must be installed on the computer you will be using to take the quiz. For instructions on how to install the Respondus LockDown Browser, see the Respondus Student Quick Start Guide.

NOTE: LockDown Browser and Respondus Monitor may continue to run in older operating systems that have reached "end-of-life" but students may encounter unexpected results

To take a

NOTE: When you visit a website, your browser stores things like images or bits of computer code to help pages load faster. Those items can stay on your hard drive for as long as a year. Caching speeds up browsing, but the stored images and code may become outdated, which can cause loading problems.
